

## Thermally separated wall connector

Precast reinforced concrete balcony, cantilevered  
Exterior wall with thermal insulation composite system  
Detailed view above wall | below wall

DCIK 18-05-WW | M 1 : 10

Component, example	
①	Thermal insulation composite system
②	Masonry wall or reinforced concrete wall
③	Interior plaster
④	Insulation
⑤	Perimeter insulation or base insulation (XPS)
⑥	Precast reinforced concrete, waterproof concrete
⑦	Schöck Isokorb® XT type K-U
⑧	Slab with support system
⑨	Plastering profile, joint sealing tape

Component, example	
⑩	Railing
⑪	Moisture protection

Note: This detailed view is a general, non-binding planning proposal which only provides a schematic overview of the construction work. The planner and processor are responsible for checking applicability and completeness for each construction project. Adjacent components are only shown schematically. All specifications and assumptions must be adapted or coordinated to local conditions. The respective technical specifications of the data sheets, processing guidelines, standards, and system approvals must be observed. Balconies, arcades, and canopies require their own statics.
