

Thermally separated wall connector

Precast reinforced concrete canopy, cantilevered
 Exterior wall with thermal insulation composite system
 Detailed view above wall | below wall

DCIK 21-04-WW | M 1 : 10

Component, example	
①	Thermal insulation composite system
②	Reinforced concrete wall
③	Interior plaster
④	Insulation
⑤	Base insulation, XPS
⑥	Precast reinforced concrete, waterproof concrete
⑦	Schöck Isokorb® XT type K-O
⑧	Moisture protection
⑨	Plastering profile, joint sealing tape

Component, example	
⑩	Drainage

Note: This detailed view is a general, non-binding planning proposal which only provides a schematic overview of the construction work. The planner and processor are responsible for checking applicability and completeness for each construction project. Adjacent components are only shown schematically. All specifications and assumptions must be adapted or coordinated to local conditions. The respective technical specifications of the data sheets, processing guidelines, standards, and system approvals must be observed. Balconies, arcades, and canopies require their own statics.
