

Thermally separated ceiling connector

Prefabricated reinforced concrete cornice
 Wall with thermal insulation composite system
 Detailed view of cornice | Roof edge structure

DCIK 44-03-GD | M 1 : 10

Component, example	
①	Thermal insulation composite system
②	Masonry wall or reinforced concrete wall
③	Interior plaster
④	Insulation
⑤	Thermal insulation, mineral wool
⑥	Cornice, precast reinforced concrete
⑦	Schöck Isokorb® XT type O
⑧	Wooden framework
⑨	Sheet, edged

Component, example	
⑩	Reinforced concrete ceiling
⑪	Rafter roof, tile roofing
⑫	Plastering profile, joint sealing tape

Note: This detailed view is a general, non-binding planning proposal which only provides a schematic overview of the construction work. The planner and processor are responsible for checking applicability and completeness for each construction project. Adjacent components are only shown schematically. All specifications and assumptions must be adapted or coordinated to local conditions. The respective technical specifications of the data sheets, processing guidelines, standards, and system approvals must be observed. Balconies, arcades, and canopies require their own statics.
